

For all your home photo printing needs

Introducing Mitsubishi's first home digital photo printer the Sublime; it's compact, lightweight and stylish.

Utilising the latest dye sublimation technology, the Sublime produces high resolution, full colour, bleed to edge 4" x 6" photographs. It can print direct from digital cameras that are PictBridge compatible or through a PC.

The Mitsubishi Sublime is the ideal solution for all digital camera users who want the convenience of printing their photographs in their own home.
